FRUIT TREES

IMPORTANT NOTICE

All fruit trees offered are heavy rooted, well branched trees in 11/16 cal., 5-6 ft. size. No small sizes are offered for the sake of low prices as they seldom prove satisfactory. These trees can all be expected to grow, thrive, and produce abundant fruits in a minimum of time. Each variety has been propagated from heavy bearing parents which is important for a uniformly high quality tree. This grade of stock is extremely scarce and we urge you to place your orders immediately.

NEW ENGLISH "MUMS"

This is the strain that is taking the country by storm. It is a race of hardy garden "Mums" that actually rivals the beautiful greenhouse varieties in size, brilliance of color and shape. They are early bloomers, garden hardy, abundant with flowers and healthy green foliage. English Mums are famous for the huge size of blossoms, many with incurved petals exactly like the Greenhouse Mums. They come in gorgeous sparkling colors of crystal white, beautiful yellows, reds, lavenders, bronze, pinks and many bi-colors that are indescribably gorgeous. No matter how many "Mums" you grow, our English varieties will amaze you for sheer breath taking size and beauty. Don't fail to order some of these; you'll love them. Stocks are still very scarce and these varieties sell out the first of all, so please place your order as early as possible. If you like "Mums" include these new English sorts.
